SUPPLEMENTAL INFORMATION
DISCLOSURE STATEMENT

Dear Sir:

The reference listed on the attached form PTO-1449 relate to the subject matter of the present invention and is brought to the attention of the Patent and Trademark Office pursuant to 37 C.F.R. 1.56 and 1.98.

Applicant hereby attaches U.S. Patent Office Form PTOL-1449, including a copy of the prior art reference listed therein. Applicants note that reference AT 101132 is not in the English language, and the English language translation is now provided. This reference was cited in the German Search Report of priority application No. DE 202 19 271.7 under Category Y. A copy of the German Search Report has already been forwarded in the Information Disclosure Statement filed on September 21, 2005. The claims in the present application are believed to be patentably distinguished over this reference.

This prior art disclosure statement is being made pursuant to the duty of disclosure imposed by law and formulated in 37 CFR 1.56(A). No representation is made that the information thus disclosed in fact constitute prior art or that it is the closest prior art, inasmuch as 37 CFR 1.56(A) relies on a materiality concept which depends on subjectivity.

This statement is being submitted prior to a first office action on the merits. While this statement contains all the relevant information presently known to the applicant, it should not be interpreted as a representation that an exhaustive search has been conducted or that no other relevant information exists. Also, this statement should not be interpreted as a representation that any cited reference is prior art, or that any cited reference is "material to patentability" as defined in 37 CFR §1.56. The applicant invites the Examiner to make an independent evaluation of each cited reference, copies of which are enclosed, to determine their relevance to the subject matter of the present application.

Respectfully submitted,

Steven J. Grossman
Attorney for Applicant
